Subject: diagram check-in

Hi Glenn,

Just wanted to check in with you before I begin the next iteration of Bristol Bay diagrams. My plan is to make revisions from the IGTT meeting, and create 5 diagrams - the original 4 (construction & operation / habitat, construction & operation / water quality, post-closure / habitat & water quality, accidents & failures), along with the cultural components.

Was there any feedback during the meeting on how the diagrams were divided? Should I go ahead and stick with the above diagrams?

Thanks, Kate
